Letter to My Representative — Presidential Accountability

Your Name: _____
Your Address: _____
City, State, ZIP: _____
Representative: _____

Dear Representative _____,

I am writing as your constituent about presidential accountability and the constitutional responsibilities entrusted to Congress.

Article II requires the President to swear or affirm that the President will faithfully execute the office and, to the best of the President's ability, preserve, protect and defend the Constitution of the United States. I believe that oath deserves serious consideration whenever questions arise about whether presidential conduct is consistent with constitutional obligations.

I ask you to review the documented actions and evidence concerning the President and exercise the authority entrusted to the House of Representatives. After reviewing the evidence, please determine whether oversight, investigation, articles of impeachment, or another constitutionally available response is warranted.

I understand that impeachment by the House is not the same as removal from office. The Constitution gives the House the sole power of impeachment, while the Senate has the sole power to try impeachments. My request is that the evidence receive careful consideration through the constitutional process.
